

Dear Dennis,

I'm writing to you, as you are the one to whom I spoke, on many occasions, via phone and email while my house was being built, and while I was at Magnetic Island.

Could you please convey to all who contributed in any way, to the building of my house — carpenters, brickies, foundation layers, roofers, painters, electricians, drainers, plumbers, glaziers, the one who came up with the final plan, Carolyn who helped me choose colours, tiles etc, and everyone else, my grateful thanks for the finished product.

I am just so thrilled with it, and really, it has turned out better than I ever imagined. Thank you, all.

This week, it will be 3 months since I move in, and in that time, nothing too drastic has happened, so my list of "things to be adjusted or done," is quite small, and of a minor nature. Please advise me, as to the next step.

Yours sincerely
