I would like to take this opportunity to congratulate you on your very professional company. I would also like to thank all involved with putting this house together and making building a house easy and stressfree

The people I was personally involved with were Hedi who was so clever in her suggestions and ideas as to what would work and what wouldn't  
Caroline: who helped me greatly with my colour scheme & choices of interior

Darren who I know no longer works there but took all the stress out of the actual building of the house & took the time to meet me at handover

Rob. who took over at handover and was so helpful when I was broken into and got everything replaced straight away.

Finally I would like to thank Rebecca in A/C's who handles her position with great professionalism and is excellent in customer service.

Thankyou again to everyone involved in building my house  
D. P. Paul
